INTERNSHIP 2025-26

Internship is one of the pillars of the strong foundation over which a student's career is built. It provides an opportunity for students to apply their skill sets to real-world problems, while simultaneously enabling them to develop new ones. Internships provide students an exposure, in a systematic way, to the field of work and encourages their professional growth by becoming an asset to the organization that they work for. In addition to this, internships provide a platform for young to make meaningful connections and build a professional network. At CPC, we help our students land their right internship.

The Internship Team at CPC, IIT Madras (IITM), caters to students from 3rd-year B. Tech, 4th-year Dual Degree, and 1st-year M.S, M. Tech, M.A & MBA from 18 departments. We also have students pursuing Masters in various Inter-Disciplinary streams, namely Advanced Materials and Nanotechnology, Bio-Medical Engineering, Complex systems and dynamics, Computational Engineering, Cyber physical systems, Data Science, Electric vehicles, Energy Systems, Quantitative Finance, Quantum Science & Technology, Robotics and Tech MBA. We kick start our internship drive with Day-1 in July-Aug. Post Day-1, we have a rolling process through out the academic year, during which we invite more number of companies to recruit from our campus.

At IITM, we are proud that our students have performed incredibly well and have made successful and impactful contributions to several companies. The diversity of profiles and the nature of companies recruiting from IIT Madras have broadened remarkably over the years. The total number of Pre-Placement offers (PPOs) has also significantly improved and it is one of the great impacts of the internship process. Data showcasing the achievements of the Internship team at CPC have been represented in the following pages for ready reference. We hope it will be interesting and enlightening to browse through them to gain an insight into the process.

INTERNSHIP STATISTICS

The IIT Madras internship season of 2025-26 saw an impressive 781 students placed in over 202 companies.

Year	Number Placed
2025-26	781

PRE-PLACEMENT OFFERS

Internships also provide a gateway for full-time opportunities to students who perform exceptionally well, in the form of pre-placement offers. PPOs provide a chance for both the candidates and the recruiters to work with each other before the final offer is made.

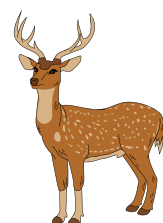

PPO STATISTICS		
Year	PPO	Accepted
2025-26	281	230

DEPARTMENT WISE STATISTICS

Students across various departments take part in the internship process specific to their interests. The figure below portrays the department wise distribution of internship in 2025-26.

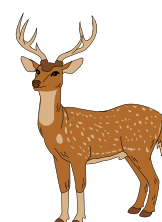

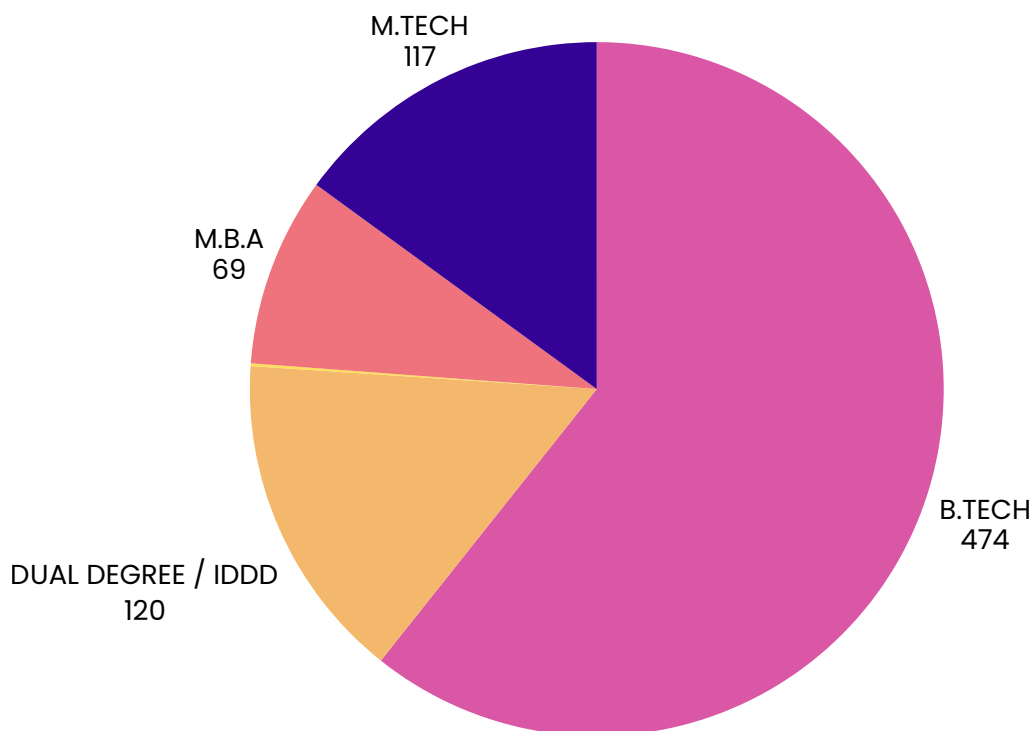

Departments	Number Placed
Aerospace Engineering	17
Applied Mechanics & Biomedical Engg.	04
Bio-Technology	45
Chemical Engineering	67
Civil Engineering	50
Computer Science and Engg.	100
Data Science & Artificial Intelligence	22
Electrical Engineering	154
Engineering Design	31
Humanities and Social Sciences	01
Management Studies	69
Mathematics	07
Mechanical Engineering	123
Metallurgical and Materials Engineering	33
Naval Architecture and Ocean Engg	27
Physics	31
Total	781

PROGRAM WISE STATISTICS

The Internship team caters to B. Tech, Dual Degree / IDDD, M. A, M.B.A and M. Tech students. The program wise statistics have been represented below in both tabular and graphical format.

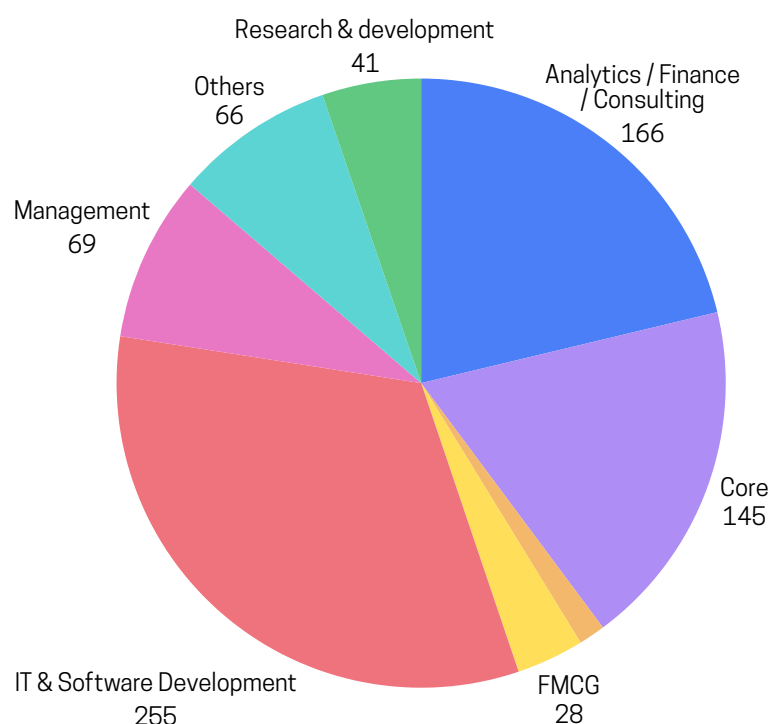

Programs	Number Placed
B.TECH	474
DUAL DEGREE / IDDD	120
M.A.	01
M.B.A	69
M.TECH	117
Grand Total	781

SECTOR WISE STATISTICS

The broad spectrum of internship profiles offered by recruiters allows the offers to be spread across a variety of disciplines.

Sector-Wise	Number Placed
Analytics / Finance / Consulting	166
Core	145
Education	11
FMCG	28
IT & Software Development	255
Management	69
Others	66
Research & development	41
Total	781

Thank you!

We extend our heartfelt gratitude to all our valued recruiters for their continued collaboration with IIT Madras. Your partnership plays a crucial role in helping our students achieve their dreams and build a brighter future. We are confident that our students, as IIT Madras Ambassadors, will uphold the reputation of our institution.

IIT Madras remains steadfast in its commitment to academic excellence, both in research and education. Our dedication to fostering a culture of quality education, cutting-edge research, and unbounded creativity continues to drive us forward.

We are truly honored to have you and your team supporting our students on their professional journey. Your support and engagement are deeply appreciated and integral to the success of our student community.

Thank you for your unwavering patronage and for walking alongside us in shaping the future of our students.
